CHECK OUR PRICE LIST

The prices for each gift, packaging options, and customizations are available in a constantly updated document. Since we work with limited stock, we cannot guarantee that the products featured in this catalog will be available at the time of order. Certain items or packaging may be replaced with similar items. We will always notify you if these changes are necessary. You can also confirm the contents of the gifts in the price list document.

NOTICE:

Due to the current situation and the constant price increases in raw materials from our suppliers, in whom we have complete trust, we advise our customers that it is impossible to have the catalog updated in real time. Therefore, the prices shown are illustrative. It will always be necessary to provide a revised quote at the time of the request/order. We thank you for your understanding.

TERMS AND CONDITIONS

The prices shown are for a set with packaging, including VAT. Payment is made in advance by bank transfer to the bank account number indicated on the pro forma invoice, issued and sent after the contract is awarded. The original invoice is issued after payment and accompanies the order. Our products have very specific production deadlines, so the order must be awarded up to one month before the delivery date to ensure delivery. If the basket includes items specially produced for this purpose or in large quantities, delivery times must be agreed on a case-by-case basis, and a deposit may be required. Delivery costs are not included in the quote. If the customer wishes to receive the order at their premises, we can deliver it upon agreement; the price varies depending on weight, volume, and delivery location. The images shown in this catalog are examples; in the event of a stock shortage, we guarantee a corresponding item within the same range and price. Each quote is valid for 8 days.

A Vida Portuguesa thanks you.

ENCOMENDAR

If you can't find what you wish, tell us your idea. Let us know what you are looking for. We will be delighted to suggest you ideas that fit your needs, personalized boxes conceived specifically for you and your company. Either in small or large quantities, according to your preference.

Offer something unique.
